

## **Information about game Contemp**

### **Required materials:**

Keyboard and mouse

### Keyboard and mouse controls:

WASD - movement (walk front, left, back, right)

Mouse movement - Rotate camera / look around

Mouse left click - Interact and open doors

Mouse right click - Hold to zoom

E - Activate / pickup

F - Toggle flashlight on / off

M - open in-game pause-menu

### **Additional Information:**

#### Game interaction

A small dot will appear in the center of the screen when looking at interactable objects and doors.

Certain interaction will notify to press E to interact.

#### Gamepad controls(Based on Xbox 360 controller buttons):

Left Thumbstick - movement (walk front, left, back, right)

Right Thumbstick - Rotate camera / look around

Right Trigger - Interact and open doors

Left Trigger - Hold to zoom

A - Activate / pickup

B - Toggle flashlight on / off

#### VR Controls:

##### VR Using HTC Vive / SteamVR

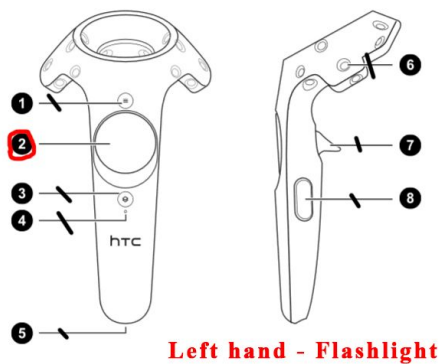

Left hand - flashlight

Right hand - Vive controller

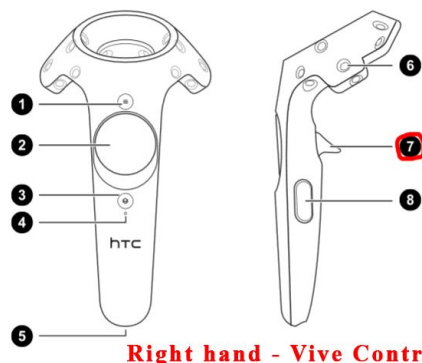

(See control mapping image below)

VR movement - Hold down teleport button and point the controller down on the ground until you see a white sphere marker, release the button to teleport to that area.

VR movement without vive controls - Same action as above but aim with you head where you want to teleport instead.
